## Program Notes

From its opening fanfare to its aggressive final climax, *The Royal Sword* provides both the performer and listener with a musical portrayal of medieval times. After its majestic opening, the piece moves into a *Vivace* section using rhythmic and harmonic material from the opening. As the *Vivace* develops, it moves into a woodwind chorale and finishes with a return to the opening fanfare motive. The piece then ends with an aggressive *Vivace* highlighted by upper brass chords and low brass descending eighth notes. *The Royal Sword* provides your ensemble with an exciting addition to your concert or festival program.

The Carl Fischer Performance Series for Band has five performance levels to provide you with a highly focused repertoire for your band. Each level has been carefully designed and graded, within specific guidelines, so that each piece in a level will work with your band when it achieves that level. Each level is also color coded for ease in finding the series that will be appropriate for your band, as it develops.

Within each grade level, you will find selections in a variety of styles and genres designed to meet all of your performance and teaching needs. The Carl Fischer composers and arrangers are some of the most respected writers in the business. Their music is dynamic, fresh and eminently worthy of your attention.
